
UK AND NIGERIA / PROPERTY MARKETPLACE

Bridge

Buy, sell or swap property between the UK and Nigeria.

Search both markets, trust what you see and take every deal from first offer to completion, with your advisers.

Two markets one search

Checks you can see

Cash, swap or both

Professionals on hand

Why people choose Bridge

✓ Find in both markets

Filter by city, type, budget and bedrooms. Compare three homes side by side and save searches with alerts.

✓ See the checks

Owner ID checked, title report reviewed and valuation on file badges appear only when the check exists.

✓ Swap or pay cash

Offer your property as part of the deal. The value gap and a fit score show what works.

✓ Know the costs

Estimate stamp duty, fees and a monthly repayment before you make an offer.

✓ One shared deal room

Viewings in UK and Nigeria time, document requests, five checks and a full timeline.

✓ Professionals on hand

Reviewed solicitors, surveyors and valuers in both countries, introduced when you ask.

Start in four steps

1. **Browse or list**
2. **Offer and negotiate**
3. **Open the deal room**
4. **Complete with your advisers**

Request a private walkthrough

Tell us whether you want to buy, sell or swap and we will show you how it works.

Bridge does not hold money, give legal, tax or financial advice, verify ownership or complete transfers. Your appointed professionals handle contracts, payment and the legal transfer. Badges record checks that were completed and are not guarantees. Some alerts and checks depend on the services switched on for your account. Photography is illustrative (Unsplash).
